Hey Kathy,

Regarding availability – It's probably about the same as I've been doing – Somewhere around 10% or 4-6 hrs per week. Historically, this has been 1-2 hours coordinating (weekly meetings/Mindy meetings) and reviewing/coordinating getting the OST Econ/Contracts paperwork up to speed. There have been some peak weeks working on the States meeting and summarizing my notes from that meeting.

I can't find the annotated Blueprint on the sharepoint. Attached is the current version I could find under the working Docs. Let me know where the needs are right now and I can let you know if I have a preference.

Thx
Chris

Morning everyone,

Hope you had a great long weekend (or week in Chris' case! That tan had better be hidden!)

At today's meeting, besides the usual report outs, I'd like to:

- 1) Follow up on my request to have your estimate on how much time you realistically have for this rule between now and April (per week). Thanks to those who sent me something.
- 2) I'd like everyone to give consideration to what issues John Goodin should be aware of – we are briefing him today in prep for our briefing on Thursday with Dave R. While we'll run through the PPT, we should take the opportunity to raise any other issues e.g., likely hours available to work on this through April, challenges with any particular issues folks are working on, etc.... We'll discuss them today and decide which, if any we raise to John.

Thanks everyone and see you at 10. – Kathy
